GOVERNMENT RELATIONS BENEFACTORS

GOVERNMENT RELATIONS SPONSORS
Cox Communications
Enable Midstream Partners
As we prepare for the 2015 legislative session, let’s first take a moment to reflect on all that’s been accomplished over the past few years: an overhaul of our workers’ compensation reform system, major lawsuit reform, moderate and responsible tax cuts, significant improvements in infrastructure funding and creation of a stable tax structure for our oil and gas companies. Our Legislature and Governor are to be commended for staying focused on improving Oklahoma’s business climate. As a result of their good work, Oklahoma is now recognized as one of the most business-friendly states in the country.

State economic development incentive programs also have contributed to our economic growth. Our Governor, our Chamber and economic developers statewide rely on these programs to recruit high-paying jobs and capital investment. By way of example, Boeing moved jobs to Oklahoma City from California, Kansas and Washington. Additionally, GE’s newest research facility, now under construction in the heart of Oklahoma City, could have been located anywhere in the world. Without our state’s Quality Jobs Act, the Aerospace Engineer Tax Credit and other incentive programs, those jobs would not be coming to Oklahoma.

The redevelopment of many areas in downtown Oklahoma City likely would not have occurred without the state’s tax credit for the Rehabilitation of Historic Buildings – a necessary component of financing the high renovation cost of historic buildings. Importantly, the hotels, restaurants and offices in these buildings generate a reliable stream of tax revenue for the state and city. The state’s return on investment is easily calculable and outweighs the cost of associated incentives by a multiple.

This year we expect the Legislature to scrutinize many of the state's tax credits and incentive programs. As the state’s largest economic development organization, we welcome the scrutiny. We favor increased transparency in the programs and even acknowledge there are several incentives that may need to be changed. If a program cannot show an acceptable return, it should be scaled back or repealed. While we believe a thorough review is appropriate and necessary, we will also argue that those programs that do work should be kept or even enhanced.

To this end, our legislative agenda includes a list of the incentive programs we will work to protect. We believe they generate revenue and allow our state to effectively compete in the battle for jobs. We ask that you join our effort to work closely with the Legislature to ensure the continued improvement of our business climate.
Our world is constantly changing. But when it comes to advocating for business at the Capitol, some things remain the same – the importance of contacting and developing relationships with legislators.

There are multiple ways to stay informed and make sure your voice is heard throughout the year.

Business Advocacy Center
The Chamber’s Business Advocacy Center, www.OKCBusiness Advocate.com, makes having a voice at the Capitol simple. With just a few simple clicks, you can identify your elected officials and communicate with them, ensuring that you have an impact in the decisions being made by our state’s leaders. You can also stay up-to-date during the legislative session by signing up for The Business Advocate, the Chamber’s newsletter solely focused on what’s happening at the Capitol during the legislative session. Together, we can build a stronger business climate for Greater Oklahoma City.

Contact the Government Relations Team
Throughout the year, the Chamber’s team works to ensure that Greater Oklahoma City is moving forward and growing stronger. From making business issues heard at the Capitol to economic development activity, the Chamber is the voice for business in Greater Oklahoma City. The Chamber staff is always available to assist your business in any way possible.

A Unified Voice for Oklahoma City’s Businesses

One of the Greater Oklahoma City Chamber’s primary goals is to improve Oklahoma’s business climate and foster economic growth. To further the goals of the Greater Oklahoma City business community, The Greater OKC Chamber Political Action Committee was formed to aggressively pursue the election and re-election of candidates who take a stand for Oklahoma City’s key business issues. Since 2010, the Greater OKC Chamber PAC has strengthened the Chamber’s ability to advocate on behalf of the Oklahoma City business community. Since its creation, the Greater OKC Chamber PAC has contributed $268,050 to pro-business candidates.

The Greater OKC Chamber PAC contributed a total of $101,100 to pro-business candidates competing in the 2014 primary, primary runoff and general elections. During the 2013-14 election cycle the Greater OKC Chamber PAC made 83 contributions to candidates in statewide, state legislative and local races. Of these 83 contributions, 74 were made to successful candidates, giving the Chamber PAC an impressive overall winning percentage of 89 percent. This success rate demonstrates the strong influence the Chamber PAC has in electing candidates across the state who will support the Chamber’s agenda.

The Greater OKC Chamber PAC’s unified voice has a proven track record in making a substantial impact on the political future of Oklahoma City. It exists to allow every business the chance to voice its support for pro-business candidates. You can be a part of this effort – make a contribution to help the Chamber ensure a stronger economic climate by helping elect candidates who take a stand on issues such as economic development, workers’ compensation and lawsuit reform and transportation/infrastructure funding.

For more information about the Greater OKC Chamber PAC or to make a contribution, visit www.okcchamber.com/PAC or contact Mark VanLandingham at mvanlandingham@okcchamber.com or 297-8925.
2015 PUBLIC POLICY PRIORITIES

STATE ISSUES

Economic Development Incentive Programs
The Chamber supports retaining the state’s premier economic/community development programs which are critical in attracting new businesses to the state, assisting existing companies expand and encouraging investment in communities across the state. Following are the key programs the Chamber will work to protect:

- Quality Jobs Act (includes 21st Century QJA and Small Employer QJA)
- Five year ad valorem abatement and sales tax exemption on manufacturing facilities
- Investment/New Jobs Tax Credit
- Historical Building Rehabilitation Tax Credit
- Freeport (Inventory) Exemption

There are a number of other state programs the Chamber believes should be retained which relate to specific industries and are designed to encourage economic development. Those programs include: Oklahoma Quality Events Act, Sales Tax Exemption & Refund for Aircraft Repairs, Exemption & Refund for Aircraft Maintenance or Manufacturing, Excise Tax Exemption on Aircraft Sales, and the Oklahoma Film Enhancement Rebate Program.

Workers’ Comp Reform
The Chamber supports defending and improving the comprehensive workers' compensation reform legislation passed by the Legislature and signed by Governor Fallin during the 2013 session.

Lawsuit Reform
The Chamber supports adopting the Rational Use of a Product Act.

Oil & Gas Tax
The Chamber supports maintaining a stable oil and gas tax structure which promotes the investment of drilling capital in Oklahoma.

Pension Reform
The Chamber supports legislation to strengthen the long-term financial condition of the state’s pension plans.

Water
The Chamber will work with the Governor, state Legislature, City of OKC and other stakeholders to ensure the availability of a long-term water supply for central Oklahoma.
American Indian Cultural Center and Museum
The Chamber supports completion of the American Indian Cultural Center, including the issuance of state bonds (or other state funds) to be issued to complete the American Indian Cultural Center and Museum. The Chamber’s support is contingent upon the AICCM developing a viable plan to fund the ongoing operations of the AICCM.

OCAST / i2E
The Chamber supports full funding of OCAST’s FY 2016 budget request, including the Seed Capital Fund and other programs managed by i2E. Funding for OCAST promotes economic development in Oklahoma in four critical areas: 1) research and development funding for businesses and universities; 2) two- and four-year college internship opportunities; 3) support for the lean and digital manufacturing program managed by the Oklahoma Manufacturing Alliance; and, 4) early-stage funding for startup businesses. This funding allows Oklahoma communities to attract and retain high-quality STEM businesses and quality college talent.

Oklahoma Quick Action Closing Fund
The Chamber supports funding the Oklahoma Quick Action Closing Fund to a level that will allow Oklahoma to be competitive with surrounding states. Increased funding for this economic development tool will assist the state in attracting high-quality jobs and industry to Oklahoma.
MUNICIPAL ISSUES

MAPS 3
The Chamber supports timely completion of all MAPS 3 projects.

Municipal Revenue
The Chamber supports legislative action to preserve and diversify sources of revenue available to municipalities, including increased local control, and increased apportionment of gas taxes to cities.

Dog Kennels
The Chamber supports legislation to amend state law which restricts the location of dog kennels, grooming, boarding and dog day-care centers within 2,500 feet of a public or private school or children’s daycare facility. As currently written, the statute unreasonably restricts the rights of business owners and hinders development of needed services in high-density urban environments.

FEDERAL ISSUES

- The Chamber supports lifting the crude oil export ban and expanding LNG export capabilities. Exports will open markets for abundant U.S. production that will increase demand – leading to further job creation.

- The Chamber supports passage of the Marketplace Fairness Act to ensure sales and use taxes owed from online purchases are fairly and effectively reported, remitted and collected.

- The Chamber supports federal immigration reform to secure the borders, establish reasonable and effective visa policies and procedures and recognizes the need to attract essential workers to the United States.
STATE ISSUES

Development of New Curriculum Standards
The Legislature repealed the Common Core State standards during the 2014 session and assigned the State Department of Education to develop new Oklahoma Standards. The business community through the Chamber must be actively involved to make sure Oklahoma adopts high quality new standards to ensure high school graduates are college and career ready.

Flexibility for Urban Districts
The Chamber supports local control for large urban districts. We support districts’ efforts to create unique urban goals, standards and accountability mechanisms that meet or exceed state standards once they are adopted.

Teacher Preparation and Support Pipeline
Oklahoma’s teacher preparation system needs to be improved in order to train, attract, and retain high quality teachers. We support review/revision of policies/laws to improve the recruitment and retention of high-quality teachers, including:

- A competitive market-based salary and benefits package which encourages high-performing teachers to stay in the classroom including targeted incentives for STEM, early childhood and special education teachers.
- Eliminate limitations on districts’ ability to offer recruitment and retention incentives outside of negotiated agreements.
- Streamline the certification process for already-certified teachers willing to relocate to Oklahoma.
- Make it financially feasible for more educators to return to the classroom by easing statutory restrictions on retiree earnings, out-of-state service, military service or higher education adjunct service.

Charter Schools
The Chamber supports Charter schools and education choices. Charter Schools are public schools, with public school students and are required to adhere to the same rules and requirements as traditional public schools. We support creating high-quality charter schools and enabling successful charter schools to grow.

We support creating a solution to address the facility needs of Oklahoma charter schools that is equitable across all public schools.

We should also work to lift the caps on how many students can attend charter schools by:

- Encouraging authorizers to expand caps on charter school attendance.
- Allowing universities to authorize charter schools statewide.

Long-Term Planning for Education
The Chamber supports creation of a long-term and sustainable plan to improve education and enable our schools to meet the future workforce needs.

Oklahoma School of Science and Mathematics
The Oklahoma School of Science and Mathematics (OSSM) has consistently ranked among the nation’s top public high schools. Over half of OSSM graduates stay in Oklahoma, and 85% are choosing STEM careers. The Chamber supports full funding of OSSM FY 2016 budget request. Recently completed dorms increased the school’s capacity, and a modest increase in funding will allow OSSM to accept additional qualified Oklahoma students and continue to fuel Oklahoma’s economic engine.

School and Campus Safety
For each of the past six years, legislation has been introduced that would permit the carrying of guns at Oklahoma colleges and universities. The Chamber continues to oppose these efforts and believes carrying of firearms should not be part of life on campus. The Chamber also opposes efforts to permit the carrying of weapons at early childhood, PreK-12 and Career Tech facilities.
Higher Education—College Degree Completion and Funding
Since 2011, Governor Fallin and the Oklahoma State Regents for Higher Education have been working to increase the number of degrees and certifications that are awarded by our schools. The Chamber supports prioritizing funds to ensure continued success for the Complete College America initiative.

Early Childhood Education
The Chamber steadfastly supports early childhood education and full funding of pre-kindergarten and kindergarten programs. Targeted spending on our youngest children is simply a smart investment. The Chamber supports legislative initiatives to maintain early childhood education programs and initiatives.

Oklahoma’s Promise
Oklahoma’s Promise is one of the most successful college access programs in the country. We oppose legislation that would diminish the program’s focus on college access. We support efforts to increase the number of college graduates and maintaining the direct allocation of state funds which ensures full funding of the scholarships earned by Oklahoma students.

Maintain and Protect Graduation Requirements
The Chamber wants all high school graduates to be prepared to enter college or the workforce. We supported the Achieving Classroom Excellence (ACE) law that requires students to complete rigorous coursework and pass four of seven end-of-instruction exams. The Chamber opposes weakening graduation requirements or curriculum standards. We oppose legislative and administrative actions that could reduce the rigor of the testing system.

Attract and Develop High-Performing School Leaders
Top-notch leadership by school superintendents and principals is critical to school performance. Additionally, Oklahoma is facing a shortage of experienced school leaders because of retirements and aging workforce. The Chamber supports creation and implementation of initiatives that attract, retain, and develop innovative and high performing school leaders.

Increased Instruction Time
Oklahoma currently requires only 175 instructional days, which is among the lowest in the nation, and some schools have instructional days of 6 hours or less. We support legislation that facilitates increasing instruction time in the classroom and time on-task for students.

Business and Industry Training
The Oklahoma CareerTech System is acknowledged as one of the top systems in the nation. CareerTech is a key ingredient in attracting industry to Oklahoma through its Training for Industry Program (TIP). The Chamber supports enhancement of CareerTech programming and ongoing funding to assure that training needs for new and existing industry are being met.

Career Readiness and Certification
The Chamber believes Oklahoma needs more of our workforce to have post-secondary education targeted toward the skills that are in demand and meet industry needs. The Chamber supports creation of Industry Recognized Credentials training programs as funding is available.

We support key scholarship programs, Oklahoma Tuition Equalization Grants (OTEG), Oklahoma Tuition Aid Grants (OTAG), and concurrent enrollment. These will help achieve the Complete College America goals by enabling more students enter college and obtain a college degree.

The Chamber supports higher education capital and maintenance improvements to support record enrollment growth as funding is available.
HEALTH CARE P Priorities

STATE ISSUES

Oklahoma Plan/Insure Oklahoma
The Chamber supports efforts by Oklahoma’s leaders to develop a state-based plan to extend health insurance coverage to up to 200,000 of Oklahoma’s uninsured residents provided the state can: 1) accurately project the future cost of such a plan; and, 2) identify a funding source to pay for this coverage. To ensure the success of this state-based plan, pursuit of all available funds should be considered to reduce the costs of uncompensated care that are currently shifted onto health care providers, employers and individuals. Additionally, the Chamber supports the State of Oklahoma’s efforts to preserve Insure Oklahoma through securing a multi-year waiver from the federal government. The Chamber further supports broadening Insure Oklahoma to provide health insurance to more of the state’s uninsured.

Research and Development
The Chamber will support efforts to foster an environment that is conducive to further research and will oppose efforts to unreasonably restrict the continued development of the state’s bioscience and research programs.

Mandates
The Chamber opposes new health insurance mandates and liability that will undermine an employer’s ability to provide quality health insurance at reasonable cost to employees.

The Chamber further opposes new mandates being placed on physicians, hospitals, and providers that will increase the cost of providing quality health care in Oklahoma.

Physician Shortage/Rural Access
The Chamber supports providing incentives to recruit and retain Primary Care Physicians and Allied Health Professionals in Oklahoma, especially in rural and underserved areas, through expansion of residency programs in the state’s medical schools, scholarships, loan forgiveness and other incentives. The Chamber further supports efforts to identify new funding streams dedicated to this initiative.

The Chamber also supports the expansion of telemedicine as a means of addressing the physician shortage and issue of limited health care access in rural Oklahoma.

Any Willing Provider
The Chamber opposes “any willing provider” legislation which would eliminate the incentive for medical providers to contract with managed care networks and, as a result, potentially frustrate efforts at cost and quality control and ultimately deny consumers the benefits of cost-reducing arrangements with providers.

Wellness/Oklahoma Health Improvement Plan
The Chamber supports state wellness and disease prevention programs which serve to improve the physical and mental health of Oklahoma citizens such as development of a new five-year Oklahoma
Health Improvement Plan supported through the State Department of Health; tobacco prevention programs; studies of the potential health effects of e-cigarettes; public outreach initiatives, as well as workplace and school-based wellness, health education, and healthy eating programs.

**Smokers as Protected Class**
The Chamber supports legislation to remove smokers as a protected class from applicable employment laws.

**Prevention of Disease**
The Chamber recognizes the detrimental impact that chronic and communicable disease has on quality of life for Oklahoma’s citizens, and the severe economic costs it imposes on health care providers and employers. Therefore, the Chamber will support efforts by the state’s elected officials and medical and research communities to develop avenues to successfully prevent and combat chronic and communicable disease.

**Penalties for Sale of Over-the-Counter Drugs**
The Chamber will oppose measures that would limit access to the sale of legal over-the-counter products.

**Prescription Drug Abuse**
The Chamber acknowledges prescription drug abuse is a crisis facing Oklahoma and supports collaborative efforts by stakeholders to address this issue that negatively impacts quality of life, health care costs and employers.

**MUNICIPAL ISSUES**

**Local Control**
The Chamber supports legislation that would provide municipalities with local control over local issues such as tobacco use and smoking provided existing businesses are exempt or otherwise protected.

**FEDERAL ISSUES**
The Chamber supports improving health care quality, access and affordability without imposing new mandates and/or taxes on business. Therefore, the Chamber opposes a single-payer government-run/public option or health care system with government mandates.

The Chamber believes that employers drive innovation in health benefits and that market-driven health reforms are the best approach to reducing costs while promoting efficiency, wellness and quality of care.
TRANSPORTATION PRIORITIES

STATE ISSUES

**Major Projects**
The Chamber will advocate for full funding and timely completion of work on major interchanges located at I-44 and Broadway Extension, I-240 and I-35 (Crossroads), and I-40 east of I-240, as well as necessary improvements to S.H. 74 (north of Lake Hefner Parkway).

**Governor’s Bridge Improvement Plan**
The Chamber supports providing adequate annual appropriations to implement Gov. Fallin and ODOT’s Bridge Improvement Plan to repair or replace all of Oklahoma’s structurally deficient bridges on the state’s highway system by 2020.

**ODOT Eight-Year Plan**
The Chamber supports annual appropriations necessary to preserve and implement ODOT’s eight-year construction work plan. Further, the Chamber will strongly oppose any effort to divert dedicated transportation funding to other areas of government.

**Ports of Entry**
The Chamber supports providing adequate annual state appropriations and staffing levels for the timely completion and effective use of weigh stations at Oklahoma’s ports of entry to ensure the protection of Oklahoma’s roads and bridges from unnecessary damage caused by overweight freight loads.

**Local Option**
The Chamber will support legislation granting cities the option of considering the location of contractors (in relation to the project) in awarding municipal contracts; provided, that the legislation exempts ODOT, the Oklahoma Turnpike Authority (OTA) and all other state agencies.

**Texting While Driving**
The Chamber will support legislation that prohibits texting while operating a motor vehicle to enhance public safety and improve quality of life.

**I-40 Crosstown Reconnection**
The Chamber believes timely restoration of full access between I-40 and downtown Oklahoma City is critical, and will therefore advocate for the reconnection of the old I-40 (new boulevard) from Western Avenue west to the new I-40 as soon as it is practicable. The Chamber will further advocate for the completion of the remaining reconnection corridor between Gaylord/Shields and Western Avenue as promptly as the environmental process allows.

**10th Street Ramp**
The Chamber will advocate for completion of the I-235/Harrison/10th Street Ramp access improvements during 2015.

**State Transit Funding**
The Chamber supports an increased allocation of state revenues into the State of Oklahoma’s Public Transit Revolving Fund to meet citizen demand for public transit.

**Heartland Flyer**
Passenger rail service is a key component of the development of the Oklahoma City intermodal hub and the future development of commuter rail throughout the metropolitan area. The Chamber will work with the Congressional delegation, ODOT and ACOG to oppose efforts to reduce or eliminate the federal subsidy received by Oklahoma to operate the Heartland Flyer Amtrak service.
service to Fort Worth, Texas. Moreover, the Chamber supports efforts by ODOT to negotiate with the State of Texas and Amtrak to ensure Amtrak can be maintained as the passenger rail carrier.

The Chamber supports continued dialogue on extending the Heartland Flyer Amtrak service to Newton, Kansas – which would connect Oklahoma City to Kansas City, St. Louis, Chicago and other locations on the Amtrak system.

**Oklahoma Rail Safety Improvement Plan**

The Chamber supports ODOT’s Rail Safety Improvements plan to address rail safety issues in Oklahoma City and across the state.

**MUNICIPAL ISSUES**

**Downtown Boulevard**

The Chamber will work with the Congressional delegation, the City of Oklahoma City and the Oklahoma Department of Transportation (ODOT) to ensure the timely completion of the Downtown Boulevard. Significant delays in completing the Downtown Boulevard will impair access to downtown and negatively impact current and future businesses located along the proposed boulevard route and within the downtown core.

The Chamber supports the Oklahoma City Council’s adoption of Alternative C as the City of Oklahoma City’s selected design option for completion of the Downtown Boulevard.

**Transit**

The Chamber supports implementation of transit programs that will best serve Central Oklahoma including the Central Oklahoma Transit and Parking Authority (COTPA) 2005 Fixed Guideway Transit Study and its following components:

Association of Central Oklahoma Government’s (ACOG) Regional Transit Dialogue Committees to identify regional transit alternatives/solutions for Central Oklahoma.

ACOG’s Commuter Corridors Study to examine mitigation strategies for future congestion.

The Chamber further supports the development and implementation of a taskforce consisting of core Central Oklahoma cities working toward the goal of establishing a Regional Transit Authority (RTA).

**Intermodal Hub**

The Chamber will work with the City of Oklahoma City, ACOG, COTPA, ODOT, and the state Legislature to develop and fund an intermodal hub at the Santa Fe station that will effectively integrate various modes of transportation and enhance economic development opportunities.

The Chamber supports efforts to work with stakeholders to maximize alignment and development of future locally preferred alternatives for mass transportation.

**Quiet Zones**

The Chamber will work with the City of Oklahoma City, the Alliance for Economic Development and ODOT to establish a Railroad Quiet Zone on the BNSF mainline running through downtown Oklahoma City.

**Parking**

The Chamber supports increased funding for construction of additional parking to allow continued economic development downtown.

**Alternative Transportation**

The Chamber supports increased construction of sidewalks, trails and bike lanes.

**FEDERAL ISSUES**

**Federal Highway Trust Fund**

The Chamber will work with our Congressional delegation and ODOT to secure a permanent funding solution for the Federal Highway Trust Fund (including Mass Transit programs).

The Chamber supports reauthorization of a multi-year surface transportation act to provide funding stability to state and local governments.

**Bus Funding**

The Chamber supports restoring federal bus funding to pre-MAP 21 levels.
Our home state has certainly undergone a renaissance over the past 20 years, and at INTEGRIS Health, we’ve been doing the same for the health of Oklahomans. Since the formation of INTEGRIS, we have expanded throughout the state. We’ve spent millions renovating and revitalizing our facilities throughout the metro and building new hospitals in Edmond and Grove. We’ve spent years forging relationships with our colleagues and neighbors to offer a complete continuum of healthcare through the INTEGRIS Health Network. We’ve witnessed groundbreaking firsts — like Oklahoma’s first heart transplant — and have received countless awards for our efforts to remain on the cutting edge every hour of every day.

It’s all a part of providing the exceptional healthcare Oklahoma deserves. We believe it’s crucial to never stop challenging standards, exceeding expectations and building hope. That’s INTEGRIS Health.
It is critical for the business community to support candidates and elected officials who will advance pro-business legislation at the Capitol. The Greater Oklahoma City Chamber’s government relations division provides information prepared by the statewide Research Institute for Economic Development (RIED) to identify elected officials’ votes on issues important to the business community. Alongside the RIED scores, the Chamber also assigns a score to legislators based on issues important to the Greater Oklahoma City region.

In 2014, the Chamber tracked votes on a key amendment to the Quality Jobs Act, protection of the aerospace tax credit, legislation to stabilize the state’s oil and gas tax system, an extension of the film rebate program, improving and extending the Quality Events Act, broadening the Small Employers Quality Jobs Act, completion of the American Indian Cultural Center and protection of rigorous education standards for Oklahoma students.

The following charts represent the voting records for state House and Senate members based on the issues identified by the Greater Oklahoma City Chamber and RIED scores for 2014. RIED scores for previous years can be found at www.riedreport.com.

OKLAHOMA STATE GOVERNMENT

Election carried out by State Election Board
www.ok.gov/elections
(405) 521-2391

Oklahoma’s state government consists of the Executive, Legislative, and Judicial branches. The executive offices are elected to four-year terms, except for members of the Corporation Commission, who are elected to staggered six-year terms.

Oklahoma’s bicameral legislature is composed of 48 State Senators and 101 State Representatives. In 2015, 10 newly-elected senators and 32 new house members will join the Oklahoma legislature.

The state is divided into nine Supreme Court judicial districts, with three judges elected every two years during the general elections.

The administrative body of Oklahoma County is the Board of County Commissioners, which was created by the Oklahoma Legislature. Oklahoma County, like all counties in Oklahoma, is divided into three districts. The districts are as equal in population as possible, numbered 1, 2, and 3, and subject to alteration by the Oklahoma Legislature not more than once every 10 years. One commissioner is elected from each district for a term of four years. Elections are held every two years, beginning with a primary on the last Tuesday in June. The run-off is held on the fourth Tuesday of August, and the general election is on the first Tuesday following the first Monday in November. The next Oklahoma County elections will be in 2016.

---|---
2016 | County Clerk; District 2, County Commissioner; County Court Clerk; County Sheriff

Elections carried out by Oklahoma County Election Board
Oklahoma City is governed by a council/manager system established by an amendment to the city charter in 1927. The charter, adopted in 1916, originally called for a commission form of government. The mayor and eight city council members are elected to four-year terms. In order to keep continuity within city government, half of the council is elected every two years. The city is divided into eight wards. The voters of each ward elect a council member to represent them, and the mayor is elected at large. The mayor and the council appoint a city manager to serve as the city’s chief administrative official.

Primary elections are held the first Tuesday of March. The general election is held the first Tuesday of April. The filing period is neither more than 29 days nor less than 24 days before the primary election. Elections for the city wards are always held in odd-numbered years, while the mayoral election is held in an even-numbered year. Elections for 2015 are as follows:

#### YEAR 2015

OKLAHOMA CITY SCHOOL DISTRICT
www.okcps.org

900 N. Klein Ave., Oklahoma City, OK 73106

Oklahoma City School District, I-89, has eight elective school board officers that manage the fiscal matters of the school district according to state statutes. There is one chairman (a new position as of 2001) elected district-wide and seven board members elected from geographical districts. Board members serve four-year terms and elections rotate by district on a four-year cycle.

Upcoming elections for the Oklahoma City School Board are as follows:

BOARD OF ADVISORS / LEAD INVESTORS

Board of Advisor member companies play a key leadership role in the Greater Oklahoma City Chamber. An annual investment of $3,000 or more qualifies a member company to be part of the Board of Advisors. They are invited to Board Meetings, Board Retreats and Intercity Visits.

Lead Investor member companies demonstrate their commitment to Greater Oklahoma City by financing the Chamber’s operations at significantly higher levels. An annual investment of $1,000 or more qualifies a member company to be a Lead Investor.

Diverse backgrounds. Limitless potential.

Why do diversity and inclusion play such a big role at AT&T? We make them a priority because we know that innovation and leadership thrive on multiple perspectives. AT&T serves a diverse world. So we seek the best from every background. For more information, go to att.jobs.
Keep on growing, OKC.

Grow stronger.
Grow closer.
Grow healthier.

Mercy is glad to be part of this community’s continuing growth, and to help our neighbors find the health they need to make the most out of life. Here’s to a successful 2015.
