Google
The Greater Oklahoma City Chamber takes pride in its role as the voice of business and the visionary organization of Oklahoma City. It is a role that we have held for more than 125 years, and as one of the largest chambers of commerce in the United States, we believe that our organization has an enormous impact in the political arena.

As we begin the legislative session, it is a critical time to fully engage in the political process. The state is facing tough budgeting decisions, and many of our most effective economic development programs are up for review. Our education system is at a crossroads. And uncertainty at the federal level leads to questions about health care and transportation outcomes on a state and local level.

The Chamber is fully dedicated to ensuring the voice of the business community is strongly and accurately expressed throughout the legislative process on all of the issues found in the 2017 Public Policy Guide. But our success depends on working together as a business community. I invite you to examine our legislative priorities and be vocal with your elected officials about what matters. When an issue affecting your business, industry or the future of Oklahoma City is being considered by the legislature, please take a moment to let your officials know where you stand.

By simply making a phone call or sending an email or letter, you will have a direct impact on the legislative process and positively supplement the Chamber’s efforts at the capitol. Our region remains strong because of visionary leadership and an ongoing commitment of community leaders. The Chamber will continue this momentum by working with elected officials to advance responsible solutions to the challenges we face.

Sincerely,

Rhonda Hooper
Chair, Greater Oklahoma City Chamber
President & CEO of Jordan Advertising
Business Advocacy Center
The Chamber’s Business Advocacy Center, www.OKCBusinessAdvocate.com, makes having a voice at the Capitol simple. With just a few simple clicks, you can identify your elected officials and communicate with them, ensuring you have an impact on the decisions of our state’s leaders. You can also stay up-to-date during the legislative session by signing up for The Business Advocate, the Chamber’s newsletter solely focused on what’s happening at the Capitol during the legislative session. Together, we can build a stronger business climate for Greater Oklahoma City.

Contact the Government Relations Team
Throughout the year, the Chamber’s team works to ensure that Greater Oklahoma City is moving forward and growing stronger. From promoting pro-business policies at the Capitol to economic development, the Chamber is the voice of business in Greater Oklahoma City. The Chamber staff is always available to assist your business in any way possible.

A Unified Voice for Oklahoma City’s Businesses

One of the Greater Oklahoma City Chamber’s primary goals is to improve Oklahoma’s business climate and foster economic growth. To further the goals of the Greater Oklahoma City business community, the Greater OKC Chamber Political Action Committee was formed to aggressively pursue the election and re-election of candidates who take a stand for Oklahoma City’s key business issues. Since 2010, the Greater OKC Chamber PAC has strengthened the Chamber’s ability to advocate on behalf of the Oklahoma City business community. Since its creation, the Greater OKC Chamber PAC has contributed $329,850 to help elect pro-business candidates.

The Greater OKC Chamber PAC raised a record amount of $115,500 for the 2015-2016 election cycle. Given the historically high number of open seats created by term limits and resignations, and the high number of incumbents who drew challengers this year, the Chamber PAC was able to invest the resources necessary to make a record number of contributions to pro-business candidates competing in races in every region of Oklahoma. The Chamber PAC contributed a total of $95,000 to pro-business candidates competing in the 2015 & 2016 elections. During the 2015-2016 election cycle, the Greater OKC Chamber PAC made 86 contributions to candidates in state legislative and local races. Of these 86 contributions, 81 were made to successful candidates, giving the Chamber PAC an impressive overall winning percentage of 94 percent. This success rate demonstrates the strong influence the Chamber PAC has in electing pro-business candidates across the state who will be more likely to support the Chamber’s Public Policy agenda.

The Greater OKC Chamber PAC’s unified voice has a proven track record in making a substantial impact on the political future of Oklahoma City. It exists to allow every business the chance to voice its support for pro-business candidates. You can be a part of this effort – make a contribution to help the Chamber ensure a stronger economic climate by helping elect candidates who will support economic development, workers’ compensation reform and transportation/infrastructure funding.

For more information about the Greater OKC Chamber PAC or to make a contribution, visit www.okcchamber.com/PAC or contact Mark VanLandingham at mvanlandingham@okcchamber.com or 297-8925.
2017 Government Priorities

STATE ISSUES

Workers’ Comp Reform
The Chamber supports defending and improving the comprehensive workers’ compensation reform legislation passed by the legislature and signed by Gov. Mary Fallin during the 2013 session.

Economic Development Programs
The Chamber supports retaining the state’s premier economic/community development programs which are critical in attracting new businesses to the state, assisting existing companies expand and encouraging investment in communities across the state. Following are the key programs the Chamber will work to protect:

- Quality Jobs Act, 21st Century QJA, Small Employer QJA and the Prime Contractor QJA
- Aerospace Engineer Tax Credit
- Investment/New Jobs Tax Credit
- Historical Building Rehabilitation Tax Credit
- Freeport (Inventory) Exemption
- Five-year ad valorem abatement and sales tax exemption for manufacturing facilities
- Oklahoma Regional Home Office Insurance Premium Tax Credit

In 2017, the Chamber will support extending the Aerospace Engineer Tax Credit Programs (for both employers and employees) for at least five years.

There are several other programs the Chamber believes should be retained which relate to specific industries or are designed to generate economic development. Those programs include: Oklahoma Quality Events Act, Sales Tax Exemption & Refund for Aircraft Repairs, Exemption & Refund for Aircraft Maintenance/Manufacturing, Excise Tax Exemption on Aircraft Sales and Oklahoma Film Enhancement Rebate Program.

The Chamber supports the Oklahoma Incentive Evaluation Commission, which was established to make recommendations to the legislature and governor on which incentive programs are serving their intended purpose and creating economic/community development. If an incentive program cannot show a positive return to the state, it should be scaled back or repealed.

Wind Subsidies
The Chamber supports placing an annual cap on the Zero-Emission Tax Credit and ending the Manufacturer’s Sales Tax Exemption for new wind facilities. The Chamber also supports requiring the Zero-Emission Tax Credit to be claimed only as a credit and not as a refund.

Gun Legislation
The Chamber supports the Second Amendment to the U.S. Constitution and responsible expansion of gun-owners’ rights. However, the Chamber will oppose legislation to allow open/concealed carry of guns into high-economic impact events, including horse shows, NCAA and Big XII sporting events (including the Women’s College World Series, college baseball

GOVERNMENT PRIORITIES
at the Chickasaw Bricktown Ballpark, NCAA and Big XII basketball tournaments at Chesapeake Energy Arena/Cox Center), the Oklahoma State Fair, Olympic qualifying on the Oklahoma River and high school basketball and wrestling tournaments at the State Fairgrounds.

The Chamber will work with the National Rifle Association, the Oklahoma Second Amendment Association and other stakeholders to improve and clarify existing gun laws while, at the same time, protecting the above events, many of which are contractually obligated to prohibit weapons.

Criminal Justice/Sentencing Reform
The Chamber supports legislation and funding for sentencing reforms and rehabilitation programs to ease the financial drain on Oklahoma’s criminal justice system, lessen the burden on jails and prisons throughout the state and allow non-violent offenders to enter the workforce more quickly.

The Chamber supports the recommendations of the Governor’s Task Force on Criminal Justice Reform.

Pension Reform
The Chamber supports legislation to strengthen the long-term financial condition of the state’s pension plans.

Water
The Chamber will work with the governor, state legislature, City of Oklahoma City and other stakeholders to ensure the availability of a long-term water supply for central Oklahoma.

Real ID
The Chamber supports legislation to bring Oklahoma into compliance with the federal Real ID laws.

Oil & Gas Tax
The Chamber supports a stable oil and gas tax structure which promotes the investment of drilling capital in Oklahoma.

i2E
The Chamber supports continued funding for i2E programs, including the Seed Capital Fund.

Competitive Markets for Vision Care
The Chamber will support efforts to improve the availability of vision care in Oklahoma by eliminating artificial barriers to entry into the eye hardware market.

Alcohol Law Modernization
The Chamber will support legislation to eliminate restrictions that prohibit continued modernization of Oklahoma’s alcohol laws.

FEDERAL ISSUES

Remote Transactions Parity Act
The Chamber supports passage of the Remote Transactions Parity Act to ensure sales and use taxes owed from online purchases are fairly and effectively reported, remitted and collected.

Immigration Reform
The Chamber supports federal immigration reform to secure the borders and establish reasonable and effective visa policies/procedures to attract essential workers to the United States.

MUNICIPAL ISSUES

MAPS 3
The Chamber supports timely completion of all MAPS 3 projects.
2017 Education and Workforce Development Priorities

STATE ISSUES

Teacher Pay Raises
The Chamber recognizes the need to increase Pre-K-12 teacher base pay by at least $5000 per year, using new revenues if necessary. In order to bring Oklahomans together on this vital issue, we believe there must be a plan that includes these key components:

1) An immediate increase in starting base salary level for all teachers (without creating a funding crisis for other areas of government).

2) Development of new, broad-based portfolio of new revenue streams, or expansion of existing revenue streams, that does not disproportionately burden any taxpayer segment.

3) Fundamental administrative reforms that allow more money to go directly to the classroom and provide school districts more flexibility to spend local funds.

Long-term Teacher Pay Plan
The Chamber supports development of a long-term teacher pay plan that helps address the teacher shortage by rewarding teacher performance and experience or incentivizes teachers to work in high priority areas.

Early Childhood Education
The Chamber steadfastly supports early childhood education and full funding of prekindergarten and kindergarten programs. Targeted spending on our youngest children is simply a smart investment. The Chamber supports legislative initiatives to maintain early childhood education programs and initiatives.

Development of New Curriculum Standards
The business community, through the Chamber, must be actively involved in making sure Oklahoma adopts new high-quality standards to ensure high school graduates are college and career ready. The Chamber should be actively engaged with the State Department of Education and State Board of Education as they implement and modify new statewide standards. The Chamber must continue to advocate for standards that will help educators prepare students to meet the high expectations of higher education and employers.

Maintain and Protect Graduation Requirements
The Chamber wants all high school graduates to be prepared to enter college or the workforce. In 2016, the Chamber supported elimination of the end-of-instructions tests because we expect to see the State Department of Education and State Board of Education to adopt new graduation standards in 2017. The Chamber supports creation of new high school graduation requirements. We support utilization of a nationally recognized assessment, such as the ACT or other nationally recognized tests, to be used as part of
new graduation requirements. New requirements must be rigorous, cost-effective, nationally comparable, timely and relevant to students/educators/parents.

A-F School Report Cards
The Chamber has historically supported creation of meaningful accountability and performance assessment systems including the A-F school site reports. The Chamber will support improvements to this system that are relevant and that make the reports easy for parents and community members to understand. Scores must reflect real performance.

Public Charter Schools
The Chamber supports charter schools and education choices. Charter schools are public schools with public school students and are required to adhere to Oklahoma statutes regarding public schools. We support creating high-quality charter schools and enabling successful charter schools to grow.

We support creating a solution to ensure all public schools are funded equitably, and specifically we support creating a solution to address the facility needs of Oklahoma charter schools.

Oklahoma School of Science and Mathematics
The Oklahoma School of Science and Mathematics (OSSM) has consistently ranked among the nation’s top public high schools. Over half of OSSM graduates stay in Oklahoma, and 85 percent choose STEM careers. The Chamber supports full funding of the OSSM FY 2017 budget request.

School and Campus Safety
The Chamber continues to oppose efforts that would allow firearms to be present on college and career tech campuses. The Chamber believes firearms should not be part of life on campus. The Chamber opposes efforts to permit the carrying of weapons at early childhood, Pre-K through 12, college and career tech facilities.

Higher Education – College Degree Completion and Funding
Since 2011, Gov. Mary Fallin and the Oklahoma State Regents for Higher Education have been working to increase the number of degrees and certifications. The Chamber supports prioritizing funds to ensure continued success for the Complete College America initiative.

The Chamber supports higher education capital and maintenance improvements to support record enrollment growth as funding is available.

Oklahoma’s Promise
Oklahoma’s Promise is one of the most successful college access programs in the country. We oppose legislation that would diminish the program’s focus on college access. We support efforts to increase the number of college graduates and to maintain the direct allocation of state funds, which ensures full funding of the scholarships earned by Oklahoma students.

CareerTech – Business and Industry Training
The Oklahoma CareerTech system is acknowledged as one of the top systems in the nation. CareerTech is a key ingredient in attracting industry to Oklahoma through its Training for Industry Program (TIP). The Chamber supports enhancement of CareerTech programming and ongoing funding to assure that training needs for new and existing industry are being met.

Career Readiness and Certification
The Chamber believes Oklahoma needs more of its workforce to have post-secondary education targeted toward the skills that are in demand and meet industry needs.

• We support key scholarship programs: Oklahoma Tuition Equalization Grants (OTEG), Oklahoma Tuition Aid Grants (OTAG)

• We support concurrent enrollment.

These will help achieve the Complete College America goals by enabling more students to enter college and obtain a college degree.
2017 Health Care Priorities

STATE ISSUES

Health Insurance
The Chamber supports:

• Extending Health Insurance Coverage to More Oklahomans

The Chamber supports extending health insurance coverage to more Oklahoma residents, through pursuit of all available funds, to cover the costs of uncompensated care that is currently shifted to employers and health care providers.

• Preserving and Broadening Insure Oklahoma

The Chamber supports the State of Oklahoma’s efforts to work with the new presidential administration to preserve Insure Oklahoma through securing a multi-year waiver from the federal government. The Chamber further supports broadening Insure Oklahoma to provide health insurance coverage to more of the state’s uninsured.

• Pursuing a Section 1332 Waiver

The Chamber supports participating in state-level dialogue on obtaining a Section 1332 waivers (if available under the ACA) to ensure access for businesses to affordable health insurance coverage.

Care Coordination Model
The Chamber supports efforts by the Oklahoma Health Care Authority to implement “care coordination” models designed to provide access to more efficient, less costly, higher-quality health care for the state’s high-risk and vulnerable aged, blind and disabled (ABD) population.

Research and Development
The Chamber will support efforts to foster an environment that is conducive to further research and will oppose efforts to unreasonably restrict the continued development of the state’s bioscience and research programs.

Mandates
The Chamber opposes new health insurance mandates and liability that will undermine an employer’s ability to provide quality health insurance at reasonable cost to employees.

The Chamber further opposes new mandates being placed on physicians, hospitals and providers that will increase the cost of providing quality health care in Oklahoma.

Physician Shortage/Rural Access
The Chamber supports the following initiatives to address health care disparities: 1) incentivizing the recruitment and retention of primary care physicians and allied health professionals in rural and underserved areas; 2) expanding residency programs in the state’s medical schools and 3) developing high school programs to encourage medical careers. The Chamber supports efforts to identify new funding streams dedicated to these initiatives.

The Chamber also supports the expansion of technology platforms (such as telemedicine and
telehealth) to address the physician shortage and limited access to health care in rural Oklahoma.

The Chamber will work with the state legislature, the Oklahoma State Insurance Department and insurance carriers to participate in policy development to achieve provider network adequacy.

Tobacco Settlement Endowment Trust (TSET)
The Chamber supports the constitutional provisions of the Tobacco Settlement Endowment Trust (TSET) to support the public health of Oklahomans.

Uncompensated Care Pool
The Chamber supports adequate funding for the state’s uncompensated care pool which allows federally-qualified health centers to be paid for providing quality health care to underserved Oklahomans.

Any Willing Provider
The Chamber opposes “any willing provider” legislation which would eliminate the incentive for medical providers to contract with managed care networks and, as a result, potentially frustrate efforts at cost and quality control and ultimately deny consumers the benefits of cost-reducing arrangements with providers.

Wellness/Oklahoma Health Improvement Plan
The Chamber supports state initiatives including wellness and disease prevention and care programs that serve to improve the physical, behavioral and mental health of Oklahoma citizens such as the Oklahoma State Health Innovation Plan; the new five-year Oklahoma Health Improvement Plan supported through the State Department of Health; the Oklahoma City and Oklahoma County Wellness Now Plan; tobacco prevention programs; studies of the potential health effects of e-cigarettes; public outreach initiatives; efforts to address health disparities and workplace and school-based wellness, health education and healthy eating programs.

Local Control
The Chamber supports legislation that would provide municipalities with local control over local issues such as tobacco use and smoking.

Prevention of Disease
The Chamber recognizes the detrimental impact of chronic and communicable diseases on the quality of life for Oklahoma’s citizens and the severe economic costs they impose on health care providers and employers. Therefore, the Chamber will support efforts by the state’s elected officials and medical and research communities to develop avenues to successfully prevent and combat congenital, chronic, pandemic and communicable diseases.

Penalties for Sale of Over-the-Counter Drugs
The Chamber will oppose measures that would limit access to the sale of legal over-the-counter products.

Prescription Drug Abuse
The Chamber acknowledges prescription drug abuse is a crisis facing Oklahoma and supports collaborative efforts by stakeholders to address this issue that can lead to death and negatively impact quality of life, health care costs and employers.

FEDERAL/issues
The Chamber supports improving health care quality, access and affordability without imposing new mandates and/or taxes on business. Therefore, the Chamber opposes a single-payer government-run/public option or health care system with government mandates.

The Chamber believes that employers drive innovation in health benefits and that market-driven health reforms are the best approach to reducing costs while promoting efficiency, wellness and quality of care.

Collaborating for BUSINESS
The decisions made at the Capitol have far-reaching impacts on all Oklahomans and Oklahoma business owners. The Chamber recognizes that all businesses in the state should have the opportunity to grow and succeed in a positive business climate.

By collaborating with various partner organizations on issues, the Greater Oklahoma City Chamber can help promote a business-friendly environment throughout Greater Oklahoma City and the State of Oklahoma.

During the 2017 legislative session, the Chamber will partner with the Tulsa Regional Chamber on a joint agenda. This agenda can be seen in its entirety at www.okcchamber.com/legislative.
2017 Transportation Priorities

STATE ISSUES

Major Projects
The Chamber will advocate for full funding and timely completion of work on major interchanges located at Interstate 44/Broadway Extension and I-240/I-35 (Crossroads), as well as the following major projects: I-40 east of I-240, I-40 east of I-35 (Tinker Air Force Base); necessary improvements to State Highway 74 (north of Lake Hefner Parkway); and expansion of I-40 to six lanes (east of Choctaw Road Interchange).

Governor’s Bridge Improvement Plan
The Chamber supports providing adequate annual appropriations to implement Gov. Mary Fallin and the Oklahoma Department of Transportation’s (ODOT) Bridge Improvement Plan to repair or replace all of Oklahoma’s structurally deficient bridges on the state’s highway system by 2020.

ODOT Eight-Year Plan
The Chamber supports annual appropriations necessary to preserve and implement ODOT’s eight-year construction work plan. Further, the Chamber will strongly oppose any effort to divert dedicated transportation funding to other areas of government.

To ensure funding is available to ODOT for the performance of critical project completion and maintenance work on the state’s transportation system, the Chamber supports keeping the state’s gasoline tax revenue whole.

Governor’s Turnpike Plan
The Chamber supports Gov. Fallin and the Oklahoma Turnpike Authority’s “Driving Forward” Turnpike Program and, specifically, the following Oklahoma City-area projects: 1) the construction of a new turnpike facility to link Interstates 40 and 44 (Turner Turnpike) in eastern Oklahoma County; and 2) the construction of a new southwest extension of the existing Kilpatrick Turnpike between I-40 and State Highway 152/Airport Road.

Ports of Entry
The Chamber supports adequate annual state appropriations and staffing levels for the timely completion and effective use of weigh stations at Oklahoma’s ports of entry to ensure the protection of Oklahoma’s roads and bridges from unnecessary damage caused by overweight freight loads.

State Transit Funding
The Chamber supports protecting state revenues allocated into the State of Oklahoma’s Public Transit Revolving Fund to meet citizen demand for public transit.

Heartland Flyer
Passenger rail service is a key component of the development of the Oklahoma City intermodal hub and the future development of commuter rail throughout the metropolitan area. The Chamber will work with the congressional delegation, the Oklahoma State Legislature, ODOT and the Association of Central Oklahoma Governments (ACOG) to oppose efforts to reduce or eliminate state or federal funding received by Oklahoma to operate the Heartland Flyer Amtrak service to Fort Worth, Texas. Moreover, the Chamber supports ongoing efforts by ODOT to negotiate with the State of Texas and Amtrak to ensure Amtrak can be maintained as the passenger rail carrier.
The Chamber supports continued dialogue on extending the Heartland Flyer Amtrak service to Newton, Kansas—which would connect Oklahoma City to Kansas City, St. Louis, Chicago and other locations on the Amtrak system.

Oklahoma Rail Safety Improvements Plan
The Chamber supports ODOT’s Rail Safety Improvements plan to address rail safety issues in Oklahoma City and across the state.

MUNICIPAL ISSUES

Downtown Boulevard
The Chamber will work with the congressional delegation, the City of Oklahoma City and ODOT to ensure the timely completion of the Downtown Boulevard. Significant delays in completing the Downtown Boulevard will impair access to downtown and negatively impact current and future businesses located along the proposed boulevard route and within the downtown core.

Mass Transit/Commuter Rail
The Chamber supports implementation of transit programs that will best serve central Oklahoma including the Central Oklahoma Transit and Parking Authority (COTPA) 2005 Fixed Guideway Transit Study and its following components:

- ACOG’s Commuter Corridors Study recommendations to implement mitigation strategies for future congestion.

The Chamber further supports the development and implementation of a task force consisting of core central Oklahoma cities working toward the goal of establishing a Regional Transit Authority (RTA) to further plan and launch future regional transit services.

The Chamber will work with ACOG, municipal governments, ODOT and Class 1 railroads to conduct early-stage planning for introducing commuter rail service into downtown Oklahoma City from Norman, Edmond and Midwest City. Further planning consideration should be given to potential future expansion of rail service to the Shawnee and Yukon areas.

Intermodal Hub
The Chamber will work with the City of Oklahoma City, ACOG, COTPA, ODOT and the state legislature to ensure the continued viability of the intermodal hub at the Santa Fe station that will effectively integrate various modes of transportation and enhance economic development opportunities.

The Chamber supports efforts to work with stakeholders to maximize alignment and development of future locally preferred alternatives for mass transportation.

Direct Flights
The Chamber supports the creation and increased frequency of new non-stop airline flights to and from Will Rogers World Airport to enhance the connectivity of Oklahoma City to destinations across the country. The Chamber will also work to protect existing non-stop flights.

Bus Service
The Chamber supports greater frequency and expanded service hours for bus routes.

Parking
The Chamber supports continued construction of additional parking to allow continued economic development downtown.

Alternative Transportation
The Chamber supports increased construction of sidewalks, trails and bike lanes.

FEDERAL ISSUES

Federal Highway Trust Fund
The Chamber will work with our congressional delegation and ODOT to secure a permanent funding solution for the Federal Highway Trust Fund (including mass transit programs).

The Chamber supports adequate funding levels to properly maintain the national transportation system.

Bus Funding
The Chamber supports continued increases in federal bus and facilities funding levels represented within the current FAST (Fixing America’s Surface Transportation) Act, five-year transportation law. This should include discretionary bus funding being primarily needs-based.

OKLAHOMA STATE LEGISLATURE PRO-BUSINESS
SCORES

It is critical for the business community to support candidates and elected officials who will advance pro-business legislation at the Capitol. The Greater Oklahoma City Chamber’s government relations division provides information prepared by the statewide Research Institute for Economic Development (RIED) to identify elected officials’ votes on issues important to the business community.

Alongside the RIED scores, the Chamber also assigns a score to legislators based on issues important to the Greater Oklahoma City region.

In 2016, the Chamber tracked votes on the e-fairness bill, the telecomm act, ODOT bonds, gun bill to protect events, municipal BOA, criminal justice reform measures, wine and beer in grocery and convenience stores, alcohol licensing for catering and events, end-of-instruction tests and pension reform. Legislators could also receive bonus points for not signing the strict scrutiny gun measure or transgender bathroom legislation.

The following charts represent the voting records for state House and Senate members based on the issues identified by the Greater Oklahoma City Chamber and RIED scores for 2016. RIED scores for previous years can be found at www.riedreport.com.

OKLAHOMA STATE GOVERNMENT

Election carried out by State Election Board
www.ok.gov/elections
(405) 521-2391

Oklahoma’s state government consists of the executive, legislative and judicial branches. The executive offices are elected to four-year terms, except for members of the Corporation Commission, who are elected to staggered six-year terms. Oklahoma’s bicameral legislature is composed of 48 State Senators and 101 State Representatives.

The state is divided into nine Supreme Court judicial districts, with three judges elected every two years during the general elections.

OKLAHOMA COUNTY GOVERNMENT
www.oklahomacounty.org

The administrative body of Oklahoma County is the Board of County Commissioners, which was created by the Oklahoma Legislature. Oklahoma County, like all counties in Oklahoma, is divided into three districts. The districts are as equal in population as possible, numbered 1, 2 and 3, and subject to alteration by the Oklahoma Legislature not more than once every 10 years. One commissioner is elected from each district for a term of four years.

Elections are held every two years, beginning with a primary on the last Tuesday in June. The runoff is held on the fourth Tuesday of August, and the general election is on the first Tuesday following the first Monday in November. The next Oklahoma County elections will be in 2018.

YEAR RACES  2018
Districts 1 and 3, County Commissioner; County Assessor; District Attorney; County Treasurer

OKLAHOMA CITY GOVERNMENT
www.okc.gov

Primary elections are held the first Tuesday of March. The general election is held the first Tuesday of April. The filing period is neither more than 29 days nor less than 24 days before the primary election. Elections for the city wards are always held in odd-numbered years, while the mayoral election is held in an even-numbered year. Elections for 2017 are as follows:

OKLAHOMA CITY GOVERNMENT
www.okc.gov

Oklahoma City is governed by a council/manager system established by an amendment to the city charter in 1927. The charter, adopted in 1916, originally called for a commission form of government. The mayor and eight city council members are elected to four-year terms. In order to keep continuity within city government, half of the council is elected every two years. The city is divided into eight wards. The voters of each ward elect a council member to represent them, and the mayor is elected at large. The mayor and the council appoint a city manager to serve as the city’s chief administrative official.
Oklahoma City School District, I-89, has eight elective school board officers that manage the fiscal matters of the school district according to state statutes. There is one chairman (a new position as of 2001) elected district-wide and seven board members elected from geographical districts. Board members serve four-year terms and elections rotate by district on a four-year cycle. Upcoming elections for the Oklahoma City School Board are as follows:

**YEAR** | **RACES** | **2017**
--- | --- | ---
**PRIMARY** | Chair, Districts 1 & 2
**RUNOFF** | February 14
(I if needed) | April 4

# BOARD OF ADVISORS / LEAD INVESTORS

Board of Advisor member companies play a key leadership role in the Greater Oklahoma City Chamber. An annual investment of $3,000 or more qualifies a member company to be part of the Board of Advisors. They are invited to board meetings, board retreats and intercity visits.

Lead Investor member companies demonstrate their commitment to Greater Oklahoma City by financing the Chamber’s operations at significantly higher levels. An annual investment of $1,000 or more qualifies a member company to be a Lead Investor.

Keep on growing, OKC.

Grow stronger.
Grow closer.
Grow healthier.

Mercy is glad to be part of this community’s continuing growth, and to help our neighbors find the health they need to make the most out of life. Here’s to a successful 2017.
