The Greater Oklahoma City Chamber takes pride in its mission as the voice of business in central Oklahoma. To successfully fulfill this role and play our part in creating a pro-business environment under which the entire state can prosper, it is imperative for our organization to collaboratively engage with elected officials to advance an economic development agenda.

As the 2020 Legislative Session begins, we expect to be actively lobbying on issues as diverse as protecting and strengthening the state’s premiere economic and community development programs; lowering the state’s incarcerated population through smart criminal justice reform; ensuring the state’s common and higher education systems are producing graduates who effectively meet 21st century workforce needs; and, providing health insurance coverage to more of the state’s uninsured population.

I consider the Chamber’s Public Policy Guide to be a “road map” on how Oklahoma can achieve its goal of becoming a Top 10 state in these areas and more. We prepared this material to share our perspective with our elected officials as they seek to enhance the state’s long-term economic growth.

As a fellow member of our civic and business community, you are a critical part of the Chamber’s success at the State Capitol. By making a phone call, sending an email or scheduling a meeting with a legislator, you will directly impact the legislative process as we pursue positive outcomes on issues of importance to our community and state. I encourage you to please use the 2020 Public Policy Guide as a resource to advance the Chamber’s priorities at the Capitol. With your help I am confident, as in past years, the Chamber will continue to successfully partner and lead on efforts to make Oklahoma a superior place for businesses to prosper.

PERCY KIRK
Chair, Greater Oklahoma City Chamber
Senior Vice President & Region Manager, Central Region, Cox Communications
Business Advocacy Center
The Chamber’s Business Advocacy Center, www.OKCBusinessAdvocate.com, makes having a voice at the Capitol simple. With just a few clicks, you can identify your elected officials and communicate with them, ensuring you have an impact on the decisions of our state’s leaders. You can also stay up-to-date during the legislative session by signing up for The Business Advocate, the Chamber’s newsletter solely focused on key developments at the Capitol during the legislative session. Together, we can build a stronger business climate for the Greater Oklahoma City area.

Contact the Government Relations Team
Throughout the year, the Chamber’s team works to ensure that Greater Oklahoma City is moving forward and growing stronger. From promoting pro-business policies at the Capitol to economic development, the Chamber is the voice of business in Greater Oklahoma City. The Chamber staff is always available to assist your business in any way possible.

STATE ISSUES

County Government Reform
The Chamber supports empowering Oklahoma counties to alter their form of government to meet their unique needs.

Workers’ Comp Reform
The Chamber supports defending and improving the comprehensive workers’ compensation reform legislation enacted during the 2013 session.

Economic Development Programs
The Chamber supports retaining and strengthening the state’s premier economic/community development programs which are critical in attracting new businesses to the state, assisting existing companies expand and encouraging investment in communities across the state. Following are the key programs the Chamber will seek to protect:

- Quality Jobs Act, 21st Century QJA, Small Employer QJA and the Prime Contractor QJA
- Aerospace Engineer Tax Credit
- Investment/New Jobs Tax Credit
- Historical Building Rehabilitation Tax Credit
- Cybersecurity/Software Engineer Tax Credit
- Five-year ad valorem abatement and sales tax exemption for manufacturing facilities
- Regional Home Office Insurance Premium Tax Credit

The Chamber will support efforts to reinstate the Tax Credit for Energy Efficient Homes.

Legal Reform
The Chamber supports the following legal reforms:

- Amending public and private nuisance laws to avoid misuse
- Placing a reasonable limit on non-economic damages

Incentive Evaluation Commission
The Chamber supports the Oklahoma Incentive Evaluation Commission, which was established to make recommendations to the Legislature and governor on which incentive programs are serving their intended purpose and creating economic/community development. If an incentive program cannot show a positive return to the state, it should be scaled back or repealed.

Wind Subsidies
The Chamber supports ending the Manufacturer’s Sales Tax Exemption for new wind facilities and
requiring the Zero-Emissions Tax Credit to be claimed only as a credit and not as a refund.

**Gun Legislation**
The Chamber supports the 2nd Amendment to the U.S. Constitution and the responsible expansion of gun-owner’s rights in Oklahoma. However, the Chamber will oppose legislation that would allow open/concealed carry of guns into high-economic impact events (many of which are required by contract to prohibit weapons), including horse shows, the Oklahoma State Fair, Olympic-qualifying events on the Oklahoma River, high school basketball and wrestling tournaments at the State Fairgrounds and NCAA and Big XII sporting events.

The Chamber will oppose legislation that would allow guns to be carried on college campuses.

The Chamber will lead the efforts of the “Oklahomans for Business and Property Owners’ Rights” coalition to defend against harmful gun legislation and work with the National Rifle Association, the Oklahoma Second Amendment Association and other stakeholders to improve and clarify existing gun laws while, at the same time, ensuring the protection of property rights and public safety.

**Criminal Justice/Sentencing Reform**
The Chamber supports legislation and funding for sentencing reforms and rehabilitation programs to ease the financial drain on Oklahoma’s criminal justice system, lessen the burden on jails and prisons throughout the state and allow non-violent offenders to enter the workforce more quickly.

The Chamber supports the efforts of the Criminal Justice Reclassification Council created pursuant to HB 1098 (2018).

The Chamber also supports: 1) continuing smart sentencing reform; 2) improving bail and jail practices; 3) making reentry and supervision improvements to reduce fines and fees, enhance workforce opportunities and increase public safety; and, 4) securing additional treatment funding.

**Medical Marijuana**
The Chamber supports additional legislation to protect an employer’s right to maintain a drug-free workplace, enforce policies to prohibit employee impairment during work hours and other business-friendly reforms.
Pension Reform
The Chamber supports protecting the pension reforms which have improved the long-term fiscal condition of the state.

Water
The Chamber will work with the governor, State Legislature, City of Oklahoma City and other stakeholders to ensure the availability of a long-term water supply for central Oklahoma.

Oil & Gas Tax
The Chamber supports a stable oil and gas tax structure which promotes the investment of drilling capital in Oklahoma.

OCAST/i2E
The Chamber supports continued funding for i2E programs, including the Seed Capital Fund.

The Chamber encourages the State of Oklahoma to invest in OCAST’s support of small- and medium-size companies. By funding advanced research and development through the Center for Industry Innovation, OCAST can stimulate public-private collaboration and financial resources resulting in the greatest potential for commercialization aiding a company’s ability to compete in the global marketplace.

Battery Storage
The Chamber supports legislation and a regulatory environment that promotes the research, development, manufacturing, and use of energy storage systems, particularly battery storage.

Tobacco Settlement Endowment Trust (TSET)
The Chamber supports the constitutional provisions of the Tobacco Settlement Endowment Trust (TSET) to support the public health of Oklahomans.

FEDERAL ISSUES

Immigration Reform
The Chamber supports federal immigration reform to secure the borders and establish reasonable and effective visa policies/procedures to attract essential workers to the United States.
STATE ISSUES

Early Childhood Education
The Chamber steadfastly supports early childhood education and full funding of pre-K and kindergarten programs. Targeted spending on our youngest children is simply a smart investment. The Chamber supports legislative initiatives to maintain early childhood education programs and initiatives.

Long-Term, Strategic Education Funding
The Chamber supports development of a long-term, strategic plan that will enable improvement in classroom teaching and academic performance. This should include increasing the minimum number of instructional hours, currently 1080 hours, required for a complete school year.

Teacher Preparation, Recruitment and Retention
Oklahoma and the nation have a teacher shortage. Oklahoma’s teacher preparation system needs to be improved in order to train, attract and retain high-quality teachers. We support legislation to:

• Reward teacher performance and experience
• Incentivize teachers to work in high priority areas
• Grow alternative pathways, such as Teach for America, that enhances the diversity of the teaching profession

Funding Transparency to Highlight Classroom Spending
Business leaders want education funding to focus on improving quality of instruction in the classroom. We support increasing funding transparency that makes it easier to understand per-pupil spending and ensure that as much funding as possible goes directly to classroom activity.

Longitudinal Data System
The business community encourages development and implementation of a new pre-K to 20 longitudinal data system that will measure performance and progress. A working system would measure the progress, challenges and success of our education systems from early childhood through higher education and into employment. Accurate data would enhance critical programmatic and funding decisions.
Public Charter Schools
The Chamber supports charter schools and education choices. Charter schools are public school and are required to adhere to Oklahoma statutes and performance standards. We support creating high-quality charter schools and enabling successful charter schools to grow. This includes online charter schools, schools designed to meet the needs of targeted underserved populations or schools that provide specific curriculum.

We support creating a solution to ensure all public schools are funded equitably, and we support creating a solution to address the facility needs of Oklahoma charter schools.

Oklahoma School of Science and Mathematics
The Oklahoma School of Science and Mathematics (OSSM) has consistently ranked among the nation’s top public high schools. More than half of OSSM graduates stay in Oklahoma, and 85 percent are choosing STEM careers. The Chamber supports full funding of the OSSM FY 2020 budget request.

Specialty Schools
We support state funding for schools that serve homeless populations of students who can thrive in schools that target specific needs. We support schools like Positive Tomorrows, a private non-profit school in Oklahoma City exclusively serving homeless students with services that help stabilize their families, bring the students up to grade level and prepare them for success in public school.

School and Campus Safety
The Chamber will oppose legislation to permit carrying of firearms at early childhood, pre-K-12, college and career tech facilities. We will oppose efforts to remove or replace the ability of career tech and higher education institutions to regulate firearms on campus.

Mental Health Needs
Oklahoma students face a high level of Adverse Childhood Experiences (ACEs). We support additional focus and support of initiatives to address the mental and behavioral health of students. This includes new innovation and services from the State Dept. of Education and Dept. of Mental Health and Substance Abuse Services.
Concurrent Enrollment & Work-based Learning
The Chamber recognizes the excellent learning opportunities offered at our community colleges and career techs. Students should be allowed and encouraged to begin pursuit of a degree or other certification while still in high school. They reduce the amount of time it takes to complete a degree at a post-secondary institution, which reduces costs and speeds entry into the workforce. We support fully funding access for seniors and expanding access to concurrent enrollment for high school juniors as funding is available. We also support efforts to increase work-based learning opportunities that prepare young people for careers.

Higher Education – Reform and Investment
The Chamber recognizes a high quality higher education system is critical to economic growth. Although the system has faced significant financial challenges in recent years, it has not met the critical needs of many employers. We urge the system to pursue significant reform in order to better meet these needs. The business community supports the following reforms.

1. Dramatic realignment of the governing structures to enable:
   - Consolidation/reduction of facilities and administrative costs
   - Increased on-line and alternative learning options
   - Creation of a strategic, long-term higher education investment and funding plan
   - Increased academic innovation, such as joint degree programs, shortened degree programs, workforce oriented certificates and degrees, and improved math outcomes to meet STEM degree demands

2. Specific and Targeted funding to address critical workforce needs and economic development opportunities to be managed by a 3rd party or other agency, such as the Department of Commerce. All new funds to be used in the following areas:
• Creating more graduates with degrees in high-demand occupations such as engineering, technology, software and health care

• Creating new or expanding high-level research programs to attract and leverage new/additional federal or private funds

• Encouraging commercialization of new ideas and technologies that generate revenue and jobs

Oklahoma’s Promise
Oklahoma’s Promise is one of the most successful college access programs in the nation. We oppose legislation that would diminish the program’s focus on college access. We support efforts to increase the number of college graduates and to maintain the direct allocation of state funds, which ensures full funding of the scholarships earned by Oklahoma students.

Career Tech – Business and Industry Training
The Oklahoma CareerTech system is acknowledged as one of the top systems in the nation. CareerTech is a key ingredient in attracting industry to Oklahoma through its Training for Industry Program (TIP). The Chamber supports funding to assure training needs for new and existing industry. The business community urges the system to focus on producing a workforce that can meet the needs of high-demand occupations.

Career Readiness and Certification
The Chamber believes Oklahoma needs more of our workforce to have the opportunities to earn more post-secondary education, including certifications, degrees and other training targeting skills that are in demand and meet industry needs.

- We support key scholarship programs: Oklahoma Tuition Equalization Grants (OTEG) and Oklahoma Tuition Aid Grants (OTAG)

- We support concurrent enrollment. These will help achieve the Complete College America goals by enabling more students to enter college and obtain a college degree

- We support development of more work-based learning opportunities such as internships and apprenticeship programs
2020 Health Care Priorities

STATE ISSUES

Health Insurance Coverage for Oklahomans
The Chamber supports:

• Extending Health Insurance Coverage to More Oklahomans
  The Chamber supports extending health insurance coverage to more Oklahoma residents through pursuit of all available funds to cover the costs of uncompensated care that is currently shifted to employers and health care providers.

• Broadening Insure Oklahoma
  The Chamber further supports broadening Insure Oklahoma to provide health insurance coverage to more of the state’s uninsured.

• Medicaid Reform
  The Chamber will support improving outcomes and care delivery for the Medicaid population.

Network Protection
The Chamber opposes new mandates being placed on physicians, hospitals and providers that will increase the cost of providing quality health care in Oklahoma.

Research and Development
The Chamber supports efforts to foster an environment that is conducive to further research and will oppose efforts to unreasonably restrict the continued development of the state’s bioscience and research programs.

Mandates
The Chamber opposes new health insurance mandates and liabilities that will undermine an employer’s ability to provide quality health insurance at reasonable cost to employees.

Network Protection
The Chamber opposes legislation which would eliminate the incentive for medical providers to contract with managed care networks and, as a result, potentially frustrate efforts at cost and quality control and ultimately deny consumers the benefits of cost-reducing arrangements with providers.

The Chamber further opposes legislation that would interfere with an employers’ ability to offer affordable health benefits due to a reduced ability to control benefit plans relating to prescription drugs.

Medical Education Funding
The Chamber supports maintaining physician training funding for the state’s two largest medical schools in the base budgets of the University Hospitals Authority and Oklahoma State University Medical Authority.

Physician Shortage/Rural Access
The Chamber supports the following initiatives to address health care disparities: 1) incentivizing the recruitment and retention of primary care physicians, specialty physicians and allied health professionals in rural, underserved and other areas and 2) expanding residency programs for the state’s medical
schools. The Chamber supports efforts to identify new funding streams dedicated to these initiatives.

The Chamber also supports the appropriate expansion of technology platforms (such as telemedicine and telehealth) and data platforms to enhance access to health care for Oklahomans.

**Tobacco Settlement Endowment Trust (TSET)**
The Chamber supports the constitutional provisions of the Tobacco Settlement Endowment Trust (TSET) to support the public health of Oklahomans.

**Appropriations Support of Community Health Centers**
The Chamber supports adequate state funding for community health centers to provide quality health care to underserved Oklahomans, prevent cost shifting to other entities and maintain a healthy workforce for Oklahoma employers.

**Health Care Funding**
The Chamber supports protecting health care revenue, including revenue in health care revolving funds, from being diverted to fund other areas of government.

The Chamber opposes cuts to the state Medicaid budget that would increase the burden of uncompensated care and shift costs to employers and health care providers.

**Wellness/Oklahoma Health Improvement Plan**
The Chamber supports the following state initiatives including wellness, disease prevention and care programs that serve to improve the physical, behavioral and mental health of Oklahoma citizens: The Oklahoma State Health Innovation Plan; the five-year Oklahoma Health Improvement Plan (OHIP) supported through the State Department of Health; the Oklahoma Healthy Aging Initiative; the Oklahoma City-County Wellness Now Health Improvement Plan; tobacco prevention programs; efforts to mitigate the harmful health effects of e-cigarettes/vaping; public outreach initiatives; efforts to address health disparities; and, workplace and school-based wellness, health education and healthy eating programs.

**Prevention of Disease**
The Chamber recognizes the detrimental impact of chronic and communicable diseases (including

---

**Collaborating for BUSINESS**

The decisions made at the Capitol have far-reaching impacts on all Oklahomans and Oklahoma business owners. The Chamber recognizes that all businesses in the state should have the opportunity to grow and succeed in a positive business climate.

By collaborating with various partner organizations on issues, the Greater Oklahoma City Chamber can help promote a business-friendly environment throughout Greater Oklahoma City and the State of Oklahoma.

During the 2020 legislative session, the Chamber will partner with the Tulsa Regional Chamber and the State Chamber of Oklahoma on a joint agenda. The agenda can be read at www.okcchamber.com/legislative.
substance use disorder) on the quality of life for Oklahoma’s residents and the severe economic costs they impose on health care providers and employers. Therefore, the Chamber will support efforts by the state’s elected officials and medical and research communities to develop avenues to successfully prevent and combat congenital, chronic, pandemic and communicable diseases.

**Clean Indoor Air**

The Chamber supports legislation to make all indoor areas smoke free; as well as legislation to remove smokers as a protected class in state employment law.

**FEDERAL ISSUES**

**Single-Payer Health Care**

The Chamber supports improving health care quality, access and affordability without imposing new mandates and/or taxes on business. Therefore, the Chamber opposes a single-payer government-run/public option or health care system with excessive government mandates.

**Employer-Driven Market Reforms**

The Chamber believes that employers drive innovation in health benefits and, therefore, we support market-driven health reforms as the best approach to reducing costs while promoting market stability, efficiency, wellness and quality of care.

**Medicaid Cuts**

The Chamber opposes Medicaid cuts that would place increased pressure on reimbursement rates, negatively impact the adequate delivery of critical services to the most vulnerable, exacerbate an already high administrative burden for health care businesses and increase the burden of uncompensated care shifted to employers and health care providers.

**Research and Development**

The Chamber supports efforts to foster a federal policy environment that is conducive to further research and will oppose efforts to unreasonably restrict the continued development of national bioscience and research programs.
STATE ISSUES

Major Projects
The Chamber will advocate for full funding and timely completion of work on:

- I-44/I-235 (between NW 63rd and N. 50th streets)
- I-240/I-35 (Crossroads)
- I-35/I-44 (Remington Park)
- I-44/Rt. 66/SH-3 (In vicinity of Lake Hefner Parkway/NW Exp.)
- I-44/I-40 (K Interchange/Near State Fairgrounds)
- Necessary improvements to I-40 corridor east of I-35 (Tinker Air Force Base) including expansion of I-40 facility to six lanes from Douglas Boulevard to Shawnee
- Future development of I-44 corridor from I-40 to SH-62 (southwest OKC to Newcastle) to better provide for future mobility needs due to ongoing commercial expansion.

ODOT Eight-Year Plan
The Chamber supports providing adequate annual dedicated funding necessary to preserve and implement the Oklahoma Department of Transportation’s (ODOT) eight-year construction work plan. Furthermore, the Chamber will strongly oppose any effort to divert dedicated transportation funding to other areas of government.

State Bridge Improvement Plan
The Chamber supports providing adequate annual dedicated funding to implement the ODOT Bridge Improvement Plan to repair or replace all of Oklahoma's structurally deficient bridges on the state’s highway system by 2020 and further ensure that ODOT is able to maintain a nationally leading bridge improvement program.

Sustainable Funding
To address the declining transportation revenues associated with fuel tax the Chamber supports the research and development of sustainable funding alternatives in support of transportation infrastructure.

State Turnpike Plan
The Chamber supports the Oklahoma Turnpike Authority’s (OTA) “Driving Forward” Turnpike Program, and specifically, the following Oklahoma City-area projects:

- Construction of the Kickapoo Turnpike to link I-40 and I-44 (Turner Turnpike) in eastern Oklahoma County to ease congestion on I-35
- Construction of a new southwest extension of the existing John Kilpatrick Turnpike between I-40 and State Highway 152/Airport Road to ease congestion at the I-40/I-44 (K Interchange/Near State Fairgrounds).

The Chamber further supports turnpike planning consideration to include widening the Turner Turnpike to six lanes from the current construction at mile post 203 extending west to Oklahoma City.
Ports of Entry
The Chamber supports providing adequate annual dedicated funding and staffing levels for the timely completion and effective use of weigh stations at Oklahoma’s ports of entry to ensure the protection of Oklahoma’s roads and bridges from unnecessary damage caused by overweight freight loads.

State Transit Funding
The Chamber supports protecting state revenues allocated into the State of Oklahoma’s Public Transit Revolving Fund to meet citizen demand for public transit; and, further supports the creation and implementation of the State Office of Mobility and Transit within ODOT.

Heartland Flyer
Passenger rail service is a key component of the continued viability of the Oklahoma City intermodal hub and the future development of commuter rail throughout the central Oklahoma region. The Chamber will work with the Oklahoma congressional delegation, the Oklahoma State Legislature, ODOT, the City of Oklahoma City, the Class 1 railroads and the Association of Central Oklahoma Governments (ACOG) to oppose efforts to reduce or eliminate state or federal funding received by Oklahoma to operate the Heartland Flyer Amtrak service to Fort Worth, Texas. Moreover, the Chamber supports ongoing efforts by ODOT to negotiate with the State of Texas and Amtrak to ensure Amtrak can be maintained as the passenger rail carrier.

The Chamber supports continued dialogue on extending the Heartland Flyer Amtrak service to Newton, Kansas, which would connect Oklahoma City to Kansas City, St. Louis, Chicago and other locations on the Amtrak system.

Interstate Commerce
The Chamber opposes legislation to limit the ability of Class 1 railroads to conduct interstate commerce.

The Chamber supports state law to allow platooning of semi-trucks to allow for safer and more efficient conduct of interstate commerce.

ODOT Long Range Freight Rail Plan and Freight Plan
The Chamber supports the implementation of ODOT’s long-range freight rail plan and freight plan.

Seat Belt Law to Protect Childhood Safety
The Chamber supports passage of a new state law to require 8-17 year olds to wear seat belts while being transported in the back seat.

MUNICIPAL ISSUES

Mass Transit/Commuter Rail
The Chamber supports implementation of transit programs that will best serve central Oklahoma including the Central Oklahoma Transit and Parking Authority (COTPA) 2005 Fixed Guideway Transit Study and its following components:

- Association of Central Oklahoma Government’s (ACOG) Regional Transit Dialogue Committees to identify regional transit alternatives/solutions for central Oklahoma
- ACOG’s Commuter Corridors Study recommendations to implement mitigation strategies for future congestion

The Chamber further supports efforts by the Regional Transportation Authority (RTA), consisting of six core central Oklahoma cities, to launch future regional transit services. The Chamber will work with the RTA, ACOG, municipal governments, ODOT and Class 1 railroads to conduct early-stage planning for introducing commuter rail service into downtown Oklahoma City from Norman and
Edmond with alternative transportation options to Del City and Midwest City. Further planning consideration should be given to potential future expansion of rail service to the Shawnee and Yukon areas.

**Intermodal Hub**
The Chamber will work with the City of Oklahoma City (COTPA), the Class 1 railroads, ODOT, the Oklahoma State Legislature and ACOG to ensure the continued viability of the intermodal hub at the Santa Fe station that will effectively integrate various modes of transportation (including OKC Streetcar, Amtrak, bus, future bus rapid transit and future commuter rail) and enhance economic development opportunities.

The Chamber supports efforts to work with stakeholders to maximize alignment and development of future locally preferred alternatives for mass transportation.

**Street Improvements**
The Chamber supports consideration and pursuit of all available funds for ongoing and future street improvements.

**OKC Streetcar**
The Chamber supports efforts to ensure the continued viability of the Oklahoma City Streetcar system.

**Bus Service**
The Chamber supports greater frequency, expanded routes and expanded service hours for bus routes. The Chamber further encourages regional dialogue on providing enhanced bus service.

**Bus Rapid Transit**
The Chamber supports implementing bus rapid transit on key routes in Oklahoma City tied to the 2005 Fixed Guideway Transit Study.

**Parking**
The Chamber supports continued construction of additional parking and viable park and ride locations, as appropriate on a case-by-case basis, to allow continued economic development downtown.

**Alternative Transportation**
The Chamber supports increased construction of sidewalks, trails and bike lanes. In addition, the Chamber supports proper implementation and consideration of bike shares, car shares, scooter shares and future technologies on a case-by-case basis.

**FEDERAL ISSUES**

**America’s Transportation Infrastructure Act**
The Chamber supports adequate funding for America’s Transportation Infrastructure Act, a multi-year reauthorization of the federal surface transportation bill. The Chamber will work with the Oklahoma Congressional delegation and ODOT to secure a permanent funding solution for the Federal Highway Trust Fund (including mass transit programs).

The Chamber supports adequate funding levels to properly maintain the national transportation system.

**Federal Capital Improvement Grants**
The Chamber supports continued funding for SMALL STARTS, NEW STARTS, INFRA and BUILD grants.

**FAA Air Traffic Control Privatization**
The Chamber will work with the Oklahoma congressional delegation to oppose any attempt by Congress or the executive branch to privatize the nation’s air traffic control system.

**Clean Air Nonattainment**
The Chamber will work with the Oklahoma Congressional delegation, ODOT, ACOG, the City of Oklahoma City, the private sector, and additional partners to take necessary proactive steps to ensure the Greater Oklahoma City region is not designated as being in nonattainment of federal air quality standards.

**Freight Rail Regulation**
The Chamber opposes any effort by the Surface Transportation Board (STB) to impose additional regulation on freight rail operators.
How We Determine Our Priorities

As the voice of the business community, the Chamber advocates for pro-business legislation at the Capitol during each legislative session. Prior to the session each year, the Chamber creates its legislative agenda. The Chamber works hand-in-hand with its partners to promote a strong future for Oklahoma businesses. The collaborative process of determining which priorities will be on the agenda in any given year begins nearly six months in advance and involves input from hundreds of local businesses and government stakeholders.

The following is a visual representation of how the Chamber determines its annual legislative priorities.
Oklahoma State Legislature Pro-Business Scores

It is critical for the business community to support candidates and elected officials who will advance pro-business legislation at the Capitol. The Greater Oklahoma City Chamber’s government relations division uses information prepared by the statewide Research Institute for Economic Development (RIED) to identify elected officials’ votes on issues important to the business community. Alongside the RIED scores, the Chamber also assigns a score based on issues important to the Greater Oklahoma City region and state.

In 2019, the Chamber tracked votes on key pro-business legislation and assigned a score to legislators based on their support for these measures. The top 5 bills the Chamber scored last session were: a new Software/Cyber Security Engineers Tax Credit (HB 2759); Trailer Gun Bill to protect Scissortail Park/Oklahoma City Zoo (HB 2010); Criminal justice reform measure providing retroactivity for State Question 780 (HB 1269); Medical Marijuana bill establishing regulatory framework (HB 2612); and, Workers’ Compensation Reform (HB 2367). Additionally, the Chamber awarded bonus points to legislators for carrying software/cyber security engineering tax credit legislation. See all scoring criteria at www.okcchamber.com/scorecard.

The following charts represent the voting records for State House and State Senate members based on the issues identified by the Greater Oklahoma City Chamber and RIED for 2019. RIED scores for previous years can be found at www.riedreport.com.

Greater Oklahoma City Chamber PAC

A Unified Voice for Oklahoma City’s Businesses

One of the Greater Oklahoma City Chamber’s primary goals is to improve Oklahoma’s business climate and foster economic development. The Greater OKC Chamber Political Action Committee was formed to aggressively pursue the election and re-election of candidates who take a stand for Oklahoma City’s key economic development priorities. Since its founding in 2010, the Greater OKC Chamber PAC has strengthened the Chamber’s ability to advocate on behalf of the Oklahoma City business community by contributing $468,350 to help elect pro-business candidates.

The Greater OKC Chamber PAC raised $115,875 during the most recent 2017-2018 election cycle. Given the historically high number of open seats created by term limits and resignations, the Chamber PAC was able to invest the resources necessary to make a record number of contributions to pro-business candidates competing in races in every region of Oklahoma. The Chamber PAC contributed a total of $130,000 to pro-business candidates competing in the 2017 and 2018 elections. During that specific cycle, the Greater OKC Chamber PAC made 100 contributions to candidates in state legislative and local races. Of these 100 contributions, 83 were made to successful candidates, giving the Chamber PAC an overall winning percentage of 83 percent. This success rate demonstrates the strong influence the Chamber PAC has in electing pro-business candidates across the state who will be more likely to support the Chamber’s public policy agenda.

The Greater OKC Chamber PAC’s strongly unified voice has a proven track record in making a substantial impact on the political direction of Oklahoma and exists to allow every business the opportunity to voice its support for pro-business candidates. You can be a part of this effort, in 2020 and beyond, by making a contribution to help the Chamber ensure a stronger economic climate by helping elect candidates who will support the Chamber’s public policy agenda at the state and local levels.

For more information about the Greater OKC Chamber PAC or to make a contribution, visit www.okcchamber.com/PAC or contact Mark VanLandingham at mvanlandingham@okcchamber.com or 405-297-8925.

Oklahoma State Government

Elections carried out by State Election Board
www.ok.gov/elections
(405) 521-2391

Oklahoma’s state government consists of the executive, legislative and judicial branches. The executive offices are elected to four-year terms, except for members of the Corporation Commission, who are elected to staggered six-year terms.

Oklahoma’s bicameral legislature is composed of 48 State Senators and 101 State Representatives. The state is divided into nine Supreme Court judicial districts, with three judges elected every two years during the general elections.

The administrative body of Oklahoma County is the Board of County Commissioners, which was created by the Oklahoma Legislature. Oklahoma County, like all counties in Oklahoma, is divided into three districts. The districts are as equal in population as possible, numbered 1, 2 and 3, and subject to alteration by the Oklahoma Legislature not more than once every 10 years. One commissioner is elected from each district for a term of four years.

OKLAHOMA COUNTY GOVERNMENT
www.oklahomacounty.org

Elections for 2020 are as follows:

YEAR  2020
RACES  District 2, County Commissioner; County Clerk; County Court Clerk; County Sheriff

Elections carried out by Oklahoma County Election Board

OKLAHOMA CITY GOVERNMENT
www.okc.gov

Oklahoma City is governed by a council/manager system established by an amendment to the city charter in 1927. The charter, adopted in 1916, originally called for a commission form of government. The mayor and eight city council members are elected to four-year terms. In order to keep continuity within city government, half of the council is elected every two years. The city is divided into eight wards. The voters of each ward elect a council member to represent them, and the mayor is elected at large. The mayor and the council appoint a city manager to serve as the city’s chief administrative official.

Elections for the city wards are always held in odd-numbered years, while the mayoral election is held in an even-numbered year. Elections for 2021 are as follows:

YEAR
2021
RACE
Wards 1,3,4,7
PRIMARY
February 9
GENERAL
April 6

Elections carried out by Oklahoma County Election Board

OKLAHOMA CITY PUBLIC SCHOOLS

Oklahoma City School District, I-89, has eight elected school board officers that manage the fiscal matters of the school district according to state statutes. There is one chairman (a new position as of 2001) elected district-wide and seven board members elected from geographical districts. Board members serve four-year terms and elections rotate by district on a four-year cycle.

Board of Advisors / Lead Investors

Board of Advisor member companies play a key leadership role in the Greater Oklahoma City Chamber. An annual investment of $3,000 or more qualifies a member company to be part of the Board of Advisors. They are invited to board meetings, board retreats and intercity visits.

Lead Investor member companies demonstrate their commitment to Greater Oklahoma City by financing the Chamber’s operations at significantly higher levels. An annual investment of $1,500 or more qualifies a member company to be a Lead Investor.
